Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>Music, performing arts, cultural heritage, visual arts, architecture, history, education</i>
-----------------	---

Description or summary of the proposed project	We would like to cooperate in an area where we have a lot of experience: organizing music and musical theater (opera, chamber music format, dance) in remote locations, landscape and forgotten cultural heritage such as churches, chapels, abandoned theaters, castles, especially in rural areas, and creating a cooperation network between similar associations working to save endangered architectural heritage, in order to share experiences and create a common international audience. We could also like to organize an artistic residency to rediscover or reinterpret works of early masters in a modern and sustainable way, to experiment with future possibilities of opera presentation (also digital formats). We like to work with young, emerging artists (instrumentalists, singers, dancers, pianists, stage directors, conductors, video-makers a.o.)
Partners currently involved in the project	Willing to cooperate is also the Foundation „Your Heritage“ in Poland (Fundacja Twoje Dziedzictwo)
